

GFRA Scientific Meeting 2019 Sponsorship Opportunities

October 2019

Bangkok, Thailand

Global Foot-and-Mouth Disease
Research Alliance

The Global Foot-and-Mouth Disease Research Alliance (GFRA) is an international consortium that generates novel scientific knowledge to enable the progressive control and eradication of FMD. GFRA holds a bi-annual meeting which is a key focus for alliance activities and provides a forum for establishing and sustaining global research partnerships. Sponsorship of the 2019 conference provides opportunities for commercial partners to engage with the global FMD research community and increase their visibility and global brand awareness.

Who attends GFRA Conferences?

Scientists

Vaccine research

Diagnostic development

Disease control policy influencers

Global – attendees from every continent
